Randolph, Dec. 2. 1853.

W. L. Garrison, Esq.

Dear Sir,

224

In accordance with the Resolution of the Free Democratic Convention of Orange Co. held on the 17th of last month at Chelsea you or Miss Stone or both were invited to visit our Co. and address us on the Subject of Slavery.

Miss Stone I suppose has not returned from the West and perhaps it may be difficult to obtain her services at present. Our people would be very glad to have you both come, but if not convenient, we would be satisfied with the services of one. Will you not come and spend two days or two weeks in the Co., We propose to hold three or more Mass Conventions and such meetings in the villages as far as practicable.

The Success of Miss Stone's Mission leads us to hope that much interest will be manifested in these meetings. Please write us on the subject. Would be glad to commence the meetings the present month, or as soon possible.

I send you a copy of the Herald containing a

report of our Convention. I will also send a copy of the Freeman published at Montpelier, which comes down on you in a manner worthy of the Observer or N.Y. Herald. Will you give the article a place in the "Refuge of Oppression" of which it is abundantly worthy.

Very truly,

Yours, &c.

J. M. C. Flint,

In behalf of Com. of arrangements

P.S. Provided that neither you nor Miss Stone can come, would not Mr Phillips do so?
